Park Directive 2008

DONATIONS AND GIFTS

Donation boxes will be established in the various parks upon approval of the State Parks Director. Donations will be collected periodically. A Miscellaneous Cash Receipt/Refund Form (MC-2) will be used to record the contributions and they should be coded to Unit 53, Donations. Deposits will be made along with the regular cash receipts for the park.

The sales from aluminum cans may be deposited on a MC-2 form under Unit 53, Donations, and used for purchases, projects, and/or programs that have prior approval of the State Parks Director.

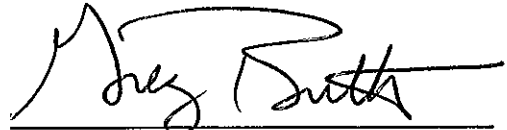

Donations collected at the park will only be used for purchases and/or projects that have been approved by the State Parks Director. Superintendents should keep in mind that approved purchases and/or projects will be those that directly benefit the park visitor.
